

COURSE OF AN IGLOO ADVENTURE NIGHT

REGISTRATION AT THE AHORNBahn VALLEY STATION

Overnight guests will be welcomed at the Ahornbahn valley station. Plenty of free parking is available there. Please register at the cash desks of the Ahornbahn valley station by 4.00 p.m. If you arrive earlier and want to spend the day on Mount Ahorn to ski, you can, of course, register earlier. Take your luggage with you in the gondola up to the mountain station, where you can put it in the White Lounge luggage cart. At 5.00 p.m., the Igloo Guides will transport your luggage to the White Lounge and your Igloo Suite will be ready for you to move in.

ASCENT

While the last visitors of the day ski down the 5.5-kilometer-long Ahorn run towards the valley, our overnight guests will be taken up to the Ahorn Plateau by the Ahornbahn, covering a distance of 3 km. You'll enjoy a sensational view while being whisked up to almost 2.000 meters in Austria's largest cable car! Important: The last ascent is possible at 4.30 p.m.!

ARRIVAL ON THE AHORN PLATEAU AND HIKE TO THE WHITE LOUNGE

Upon arrival at Mount Ahorn (whether at 4.30 p.m. or earlier), please deposit your luggage on the Igloo Hotel luggage cart. Afterwards, take a short hike along the winter hiking path Ahorn or take the magic carpet to the Igloo Hotel (approx. 5–10 minutes). Your Igloo Guide will be waiting for you at the White Lounge.

PISTENBOCK TOBOGGAN FUN

Try a ride on a Pistenbock sled and have some great toboggan fun. On a specially designed course separated off from the other pistes you'll adjust your hat, hang on tight, and tackle the turns. Practice makes perfect – you're definitely going to want to get at it more than once. The ride with the Pistenbock is possible until 3.30 p.m. at the arrival day or the following day.

MEETING AND INTRODUCTION

By 5.00 p.m. all of the day guests will have left the Ahorn Plateau. A welcome drink will be waiting for you inside the igloo where you will be introduced to our White Lounge team. Get to know each other while breathing fresh igloo air for the first time. During the detailed introduction in the igloo, you will learn about the basics concerning alpine risks, the impact that altitude can have on your body and soul, dos and don'ts, and the climate at 2.000 meters (6560 ft). Your Igloo Guide will tell you about the construction of the igloos and explain how to properly use the expedition sleeping bags which will be awaiting you in your Igloo Suite. Your Igloo Guide will take you to your suite and provide you with some important tips.

LEISURELY WALK AND DINNER

Around 6.00 p.m. you will walk over to the mountain restaurant, where a delicious meal will be served at around 6.30 p.m. You will enjoy the comfortable atmosphere and the amazing view.

MYSTICAL TORCHLIGHT HIKE WITH PANORAMIC CAMPFIRE

After dinner, at around 9.30 p.m., the real magic of a night at the White Lounge begins. Holding a torchlight, you will walk through the snow-covered mountain scenery to the Zillertal viewing platform. Here you'll light a warming campfire together with the Igloo Guide and you can check out the twinkling stars in the clear night sky. This will be the perfect opportunity for you to show off or improve your knowledge of astronomy!

COZY EVENING

Have another drink, chat with other guests at the campfire, or withdraw to your suite for a little bit of romance. How you spend your evening is up to you. No noisy après-ski atmosphere, no annoying entertainers, no stress. After all, we are not on Mallorca but in the middle of the Zillertal Alps. Of course, the entire White Lounge crew is available the whole night. They will spend the night on the mountain, as well.

DURING THE NIGHT

Of course, you can decide for yourself when to go to bed. An Igloo Guide will be on stand-by the whole night just in case you need something, don't feel well, or can't sleep. But don't worry – if you paid attention during the introduction, you will definitely not feel cold during the night. On the contrary, you will sleep like a baby!

A NEW DAY AT THE WHITE LOUNGE

LEISURELY BREAKFAST / CHECK-OUT

In the morning, your Igloo Guide will wake you up at around 7.30 a.m. You will check-out at the igloo reception area and return your keys. Afterwards, a hearty breakfast will await you in the mountain restaurant. Exchange experiences with other guests, leave a message in our guest book, and enjoy your breakfast.

GOODBYE

At around 9.30 a.m. it'll be time to say goodbye. Winter sport enthusiasts will probably already be on tour and enjoy the freshly groomed slopes. If you want to stay up on the Ahorn Plateau you can sit back in one of the cozy deck chairs at one of the neighboring huts or at the White Lounge sundeck. The Igloo Bar opens at 10.00 a.m. Of course, it's up to you when you take the Ahornbahn cable car back down to the valley.

After your unforgettable Igloo Adventure Night, a new day will arrive, again in the middle of the fascinating mountain scenery of the Zillertal!

Have fun!
