WHITE  
LOUNGE

So müssen Berge sein.

## IGLOO BAR

Come and discover Mayrhofner Bergbahnen's official Chill-out Area: The White Lounge. Settle back in a deck chair with a drink in your hand and chill out to the sounds of lounge music, whilst soaking up the impressive mountain views over the Zillertal Valley.

## IGLOO HOTEL

When night falls, the White Lounge is transformed into a cosy Igloo Hotel. Spend the night in one of our Igloo Suites at an altitude of 2,000 meters – for an experience you will never forget.

## EVENT LOCATION

Looking for a unique venue for an exclusive event? The White Lounge is the right place for such occasions too.

## SNOW ART

An extraordinary art exhibit awaits you in the main igloo: Professional ice and snow sculptors have adorned the igloo with unique artwork and reliefs made entirely out of ice and snow. All of the designs depict indigenous wildlife. Be sure to check out the magical ice world!

## GUIDED TOURS

Take a peek behind the scenes and learn lots of interesting facts and background information about the history of the White Lounge and how it is constructed. If you are interested, simply talk to one of our guides, who will be happy to take you on one of the detailed guided tours that take place each day. On such a tour, you will not only visit the Igloo Village and the main igloo complex – you will also learn about building an igloo and about the artwork created by our snow artists.

# WHITE LOUNGE

## MODEL IGLOO

Try out what it feels like to sleep on snow and take home a souvenir photo. If you like, you can even book an overnight stay in one of the seven Igloo Suites.

## THE AHORN PLATEAU LOCATION

The White Lounge is located in the middle of the Ahorn Plateau and therefore affords unique panoramic views. The wide and perfectly prepared slopes on Mount Ahorn ensure ideal carving conditions but are also perfect for novices. The 8SB chairlift on the Ahorn, suitable for children and beginners, has automatic overhead safety bars and the Fun Ride Ahorn as well as the new Albert Adler Tour guarantee fun for the entire family.

The Ahornbahn, Austria's largest gondola, transports as many as 160 people up to 2,000 meters above sea level in just under seven minutes. At the top station, you have the opportunity to try out the 5.5-kilometer-long valley run, which is groomed daily by our staff.

## THE SKI RESORT

THE ACTION MOUNTAIN PENKEN AND LEISURE MOUNTAIN AHORN:  
EXCLUSIVE TO MAYRHOFEN

Two mountains, one objective: perfect winter sport enjoyment. Our two mountains, Penken and Ahorn, offer just the right blend of action and relaxation. If you are looking for wild stunts, Penken Park is just the right place for you. Or would you prefer to ski down the permanent racing slopes at the Racing Paradise Unterberg? Do you want to try to tackle the Harakiri, Austria's steepest slope adventure, or simply enjoy a winter hike amid idyllic mountain scenery? Whatever you're looking for, you'll find it right here!

## STAYING AT THE IGLOO HOTEL

An overnight stay in one of the Igloo Suites is always an incredibly special experience. After a short introduction a delightful evening meal will be served in a very nice atmosphere. After your meal, you can take part in a mystical hike by torchlight through the snowy winter landscape.

On your return to the White Lounge, you can snuggle up around the camp fire under a star filled sky, relax and dream sweet dreams before retiring for the night in our cosy expedition sleepingbags.

## EVENT AND WEDDING LOCATION

Are you looking for a unique location for an exclusive event or for your wedding? Look no further. Whether you're hosting a product presentation, organizing a team retreat for your employees, or celebrating your special day at a very special place – you can book the White Lounge as your event location, with or without an over-night stay. Of course, you can even easily customize your event upon arrangement.

## WHITE LOUNGE IGLOO PARTIES

Let the evening end in the coolest location in the Zillertal! The White Lounge Igloo Village on Mount Ahorn hosts the mystical Igloo Party from mid-January to April. Enjoy delicious drinks and dance to the finest DJ sound - you will not forget this special evening!

In winter 2018/19, the White Lounge was awarded with Gold for „Ideas & Implementation“ in the course of the International Skiareatest.
