

EXTRAORDINARY MOUNTAIN EXPERIENCES AND FANTASTIC VIEWS IN MAYRHOFEN

ACTION MOUNTAIN PENKEN & LEISURE MOUNTAIN AHORN

Let's be honest. Who doesn't dream of excitement, variety, fun, a fair bit of action, and lots of leisure? That's what Action Mountain Penken and Leisure Mountain Ahorn in Mayrhofen are all about. The two mountains in the Zillertal offer endless possibilities and promise action-packed excitement, a variety of fun activities, and unique, magical moments. Mountain enthusiasts of all ages can look forward to a very personal experience this summer.

THERE'S ALWAYS SOMETHING HAPPENING ON ACTION MOUNTAIN PENKEN

You definitely won't get bored on Penken. Rather, you'll go from one adrenalin rush to the next. The state-of-the-art **3S Penkenbahn** will take you from the valley to 1,800 meters above sea level in only 8.2 minutes. Anyone who feels like getting even closer to the summit of the mountain can then hop on the **Kombibahn Penken** and choose between 10-person or open-air gondolas, which offer both enough space for mountain bikes. Whether you prefer leisurely rides along easy panorama tours or want to test your limits on steep climbs and even steeper descents. Of course, the Penken can also be explored by foot on numerous hiking trails. Along the **Panorama Trail**, which is suitable for baby buggies, you'll find the most beautiful views of Mayrhofen's mountains. The **Funsportstation Penken** is a highlight for all adventure seekers. Explore Action Mountain with the **Mountain Scooters** on two different routes or the **Motor Skills Parcours** which is suitable for all ages and will put your agility and balance to the test at 12 stations. To ensure that the adventure is a success, everyone starts at the Training & Warmup Station. The **E-Trial Parcours** is another highlight: Here it soon becomes obvious who possesses agility, coordination, and steady nerves! Finally, the idyllic **Mountain Playground**, with its swings, climbing tower, slide, and water station, is a great place even for your little ones and guarantees a fun and entertaining time.

LEISURE MOUNTAIN AHORN

The special experience for all of your senses begins with the ascent in **Austria's largest cable car, the Ahornbahn**. On your way up to 2,000 meters above sea level, which takes less than seven minutes, you'll be treated to spectacular views of Mayrhofen and the surrounding mountains thanks to the huge glass windows. Up on the Ahorn Plateau, nature lovers and families will find a true paradise with endless delights to explore. The **Leisure Trail**, which is suitable for baby buggies, provides valuable information about the varied flora and fauna of the **High Alps Nature Park Zillertaler Alps**. You'll also be treated to incredible panoramas and views at the **Eagle's View, Zillertal, Stilluptal, and Filzenalm viewing platforms**. The well-designed **hiking trail to the Filzenkogel** gives all summiters additionally a perfect opportunity to

take in the impressive scenery and record their names in the summit log. With plenty of areas to play, rest, and relax, **Lake Ahornsee** is the place to be for all nature lovers. Take a deep breath and cool off your feet in the fresh water – this is how we do it up here! On the leisurely hiking trail along **Ahornbachl Stream**, you'll also find various play areas and water oases for even more fun and entertainment.

A very special highlight offers the **Sunrise Gondola**. The Ahornbahn brings early risers and romantics on the mountain before dawn. A guaranteed unforgettable sunrise rewards getting up early.

Tip: If you love exciting crime stories and like to solve tricky riddles, the Leisure Trail Ahorn is just right for you. With the help of the “Locandy App”, the leisurely family walking trail transforms itself into an interactive **audio adventure drama called “The poacher of the Ahorn”**. The app is available for free in the App Store and the Google Play Store (German only).
